DURBAN ENTREPRENEURS TO SHINE AT GLOBAL SUMMIT

TEN Durban businesses have been afforded the opportunity of a lifetime to showcase their products at the Global Entrepreneurship Summit in Ghana. This emerged during the Global Entrepreneurship Festival Durban Activation Summit, held at the Inkosi Albert Luthuli International Convention Centre on 6 August. A major highlight of the day was the announcement that 10 local businesses will showcase their products at the Global Entrepreneurship Summit in Ghana, taking place from 21 to 23 November 2025. The business trip is fully sponsored by eThekweni Municipality and the provincial Department of Economic Development, Tourism and Environmental Affairs. The Durban activation - which was hailed a resounding success, united innovators, entrepreneurs, investors, and policymakers from across the continent and beyond - formed part of the official build-up to the Ghana event. The activation was held in partnership with eThekweni Municipality, the provincial Department of Economic Development, Tourism and Environmental Affairs, Trade and Investment KwaZulu-Natal, and the KwaZulu-Natal Convention Bureau. The festival featured thought-provoking panel discussions, business engagements, and exhibitions from 15 local businesses. The 10 selected businesses are: Mangala Kreactions, Amazizi Leather Works, Seedtime Harvest Agriculture, Spectrum Closet, Vukari Art, Green Everything Recycling, Samices Boutique Craft, Maggie Africa (Pty) Ltd, Uthando Glow Skin, and The Basket Studio.

Ten Durban-based entrepreneurs excitedly took to the stage in celebration after being announced as the selected businesses that will travel to Ghana to represent KwaZulu-Natal at the Global Entrepreneurship Summit.
